# KIND NEWS

**Now that you have watched Ned's Kind News, it's time to write your own kind news story about something kind you have seen or heard lately. It might even be chosen to be featured in the next edition of Kind News!**

A good tip for writing a news story is to include the W's - **W**hat happened? **W**ho was involved? **W**here did it happen? **W**hen did it happen? **W**hy did it happen? Use the space below to write your story - or you could even record your own kind news video or radio news story!

## My Kind News Story

A large rectangular area with a purple border, containing 15 horizontal lines for writing a story.
